CERTIFICATE IN

SCIENCE

KPT (N/440/3/0036) MQA (FA10499)

The Certificate in Science is a one-year programme that aims to provide students with the necessary knowledge to pursue diploma courses in health sciences. The programme covers various areas of science, including the natural environment, health and wellness, and technology. A certificate course is a good starting point for students who want to pursue further studies in science, such as a bachelor's degree
